## UNITED STATES INTELLIGENCE BOARD

## MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT : Analysis of Foreign Intelligence Plans and  
Programs for FY 1964

REFERENCE : USIB-D-53.2/1, 22 October 1962

1. The Director of Central Intelligence, in connection with his current review of the reference report on the subject, has requested that, in lieu of consideration at a Board meeting at this time, each of the USIB members advise the Chairman of his views regarding the actions proposed by the Coordination Staff in Part 1 of Attachment No. 1 to that report, indicating his concurrence, amendments, deletions or additions.

2. In addition, it has been informally suggested by some USIB agencies that they be given an opportunity to bring their respective programs up-to-date. Accordingly, it is proposed that, in the interest of accuracy for record and reference purposes, each member agree to submit at the end of CY 1962 any changes in the summarization of the program for his agency in Attachment No. 2 of the reference, required to bring that summarization up-to-date as of that time for circulation by the Secretariat of a revised Attachment No. 2.

3. Accordingly, it is requested that each Board member complete the attached memorandum form and transmit it to the Chairman, USIB, through the Secretariat, not later than the close of business on Thursday, 29 November 1962.
